Connections are ...

You tell us!

Conversation to connect partners on and off campus!

Writing & Community

Partnering with:

- Northampton County Prison
- Roosevelt Elementary
- Phoebe Communities

A new service-learning course!

Allentown B-Day BASH!

Celebrating 250 great years of Allentown!

I do not exaggerate when I describe my involvement with the Office of Community Engagement and the greater Allentown community as the cornerstone of my college career.

Engaging in the Allentown community has meant more to me than I ever would have anticipated as a first year student...

I have truly come to appreciate my role as a citizen of any community to which I belong and have found a greater purpose in my desire to be a medical professional.

Tutoring and mentoring students in [the Allentown School District] introduced me to the numerous structural inequalities existing within the [US] education system.

We focused a lot of our conversation around the assumptions of Allentown, and challenged our thoughts by exploring the city first-hand to confront our judgments...I was forced to consider my identity, something I had never previously done, and how it affects the ways in which I view the world.

The lessons I learned from this organization, and the thoughts and values I was forced to confront and question, are still concepts that I actively explore and encourage others to explore as well.

What seniors are saying...
